A Simple Remedy Vouched

We surely speak the sentiments of our people when we give welcome to these veterans of the greatest war of modern times-these real soldiers, these battered remnants of that once proud army whose high resolution, grand patriotism, splendid valor, indomitable the Republic from the traitorous assaults of a fratricidal foe and fixed the citizens and members of the Council, place of that army in history as fore

shall enjoy themselves if anything in the power of their entertainers can conduct to that end.

More comrades are expected to arrive to-day, and all, we believe, may spend the day here and still be able to reach San Francisco in time for the business of the National Engampment. Much as our people desire the veterans to be with us, none of them, we are sure, would consciously be the means of disarranging the chief business which brings the nation's defenders to the Pacific Coast.

Said to a Times reporter the other day:

"I have heard it stated, quite recently, that an orchardist somewhere in the southern part of the city succeeded in banishing the white scale by the use of mercurial content. I have no doubt but that the story is entirely true, and give my experience in corroboration. About four months ago, I discovered that an orange tree on my premises was infested with this pest, and I proceeded at polications directed at the scale, only to find that they resulted in failure. I then under the procuring a few ounces of the common form a fertile true, for a length of about six inches, at a distance of two feet above the ground. Two months have elapsed since I applied this remedy, and not only has the white scale wholly disappeared, but the common black scale, that had also colonized this tree, has likewise sought other pastures."

THE New York Sun of the 22d, in a long editorial on the California Senstorship, says:

"Another Senatorial muddle is re-orted in California. That State is nore subject to political cramps and olic than any other State in the Union. more subject to political gramps and colic than any other State in the Union. She has an unequaled faculty for mixing things and producing results of the most confounding and confusing character. There is probably an understanding that the Legislature shall not elect a Senator. A majority of the members have doubtless agreed to that course, and that is the whole story of Gov. Stoneman's extra session."

The Sun "shines for all," but the political light it gives forth is sometimes lurid and frequently murky. Nobody believes that "a majority of the members"—unless it be a majority of Democratic members—have agreed not to least a heaster. The year agreed the hall on their way to lunch the ladies of the hall on their way to lunch the ladies. They were a ghastly purple. They nearly fainted with terror. In the dining-room they exchanged confidences; and considered to leave the place immediately. They both had the malaria. Upon rasing their hands they found the purple had disappeared. They discovered the cause of their fright. It was the blue glass in the court roof that had done all the mischief. It is said that the ladies of the Nadeau enjoyed the thing very much, as they know themselves the peculiar effect to blue glass has on their complexion. colic than any other State in the Union. Officer Gilbert, who was off duty and very much intoxicated, interfered by catching hold of Officer Tyler's arm and trying to prevent him from taking away Van Horn. At this juncture Officer Grubbs, who was on duty, came to the assistance of Tyler, and

peg higher than his neighbors, was taken down a pog the other day in a way that caused him to blush and smile and acknowledge himself beat for once, notwithstanding his triumph in the contest with his neighboring ranchman of "Kinney-lower."

It happened in this way: The sturdy granger was seated in a Downey-avenue street-car, as it left Temple Block, perusing his afternoon paper, when a lady beated him took from her purse a nickle, whereupon the obliging s. g. held out his hand, took the nickle, added one of his own to it, and started for the front end of the car, but was checked by another lady, who gave him a dime for her passage, and he returned her the change—then moved forward; but still another lady handed him her nickle as he passed. He bowed and played the conductor admirably; but lol when he reached the cash-fare box there was no box there? His face grew red; he looked the changers who hand obtained, and seemed to feel as though he had obtained it under false pretenses. But when the ladies broke out into a laugh he "joined in the chorus" with a sickly smile, said it was not the first time he had volunteered to work for the street railroad company for nothing, but he rather thought it would be the street railroad company for nothing. but he rather though it would be the last time. A Novel Ceremony With Testimonials, Etc.

At the Opera Hall, in this city, on bundry afternoon, July 18, 1886, Dr. a. P. Truesdeli presented diplomas to his first crass in Metaphysical Science, after which the Secretary received, from patients present, the followreceived, from patients present, the following testimonials:

William A. Buster, corner of Pine and Charity steets, 66 years of age, given up by his physicians, vomiting almost constantly, said to be suffering from cancer of the stomach, was treated by the doctor once only, four weeks ago, when the vemiting ceased. At only with a spoon. Can now eat almost anything; is confident of recovery.

Mr. Strohm of Flower street, suffering with a bacess of liver for five weeks, given up by five physicians, was relieved of all pain by one treatment from Dr. Truesdell. Next day waited to Opers Hall, over twelve blocks, for treatment, having slept well. Some nights previous, not having closed his eyes at all. Feels perfectly confident of restoration to health. Walked fiv miles on the 19th inst. Mrs. M. J. Kessler, Los Angeles, 35 Howit street, cured of rheumatism in hips by one treatment from the doctor. Was subject to flux and dysentery since childhood. Well iext day after receiving one treatment from Mrs. Hill. Can eat anything.

Mrs. J. B. Churchill, 15 Walnut avenue, Los Angeles, deaf 49 years from scarlet fever, bearing entirely gone from one ear, restored by one of the students so that she can hear quite distinctly.

Mrs. T. M. Adass, Fourth street between ONE HOUSE WITH EACH 11 LOTS

hearing entirely gone from one ear, restored by one of the students so that she can hear quite distinctly.

Mrs. T. M. Adams, Fourth street between Fort and Spring, M. E. revival preacher for twenty years, suffered for ten years with floating kidney; compelled to take morphine for years to alleviate pain. Had prayed and stuggled to be delivered from taking the drug, fearing it might destroy her soul; is willing to speak of it publicly, that others may find the relief which has been granted hor. Dr. Tuesdell saw her leaving the hall, being too weary to sit longer. He said: "There's a sister who is suffering, and she is filled with the Holy Ghoat! Come back! God has something for you!" He laid his hands on her, and the spirit came with power. The kidney was restored to its place, the brain relieved at once and the desire for morphine was gone, and she has not again used it. She warned the audience with great earnestness "to beware how they denied that this was the power of God." She can now, after all these years of suffering, digest her food and sleep as when a child.

Mrs. John Sutherland, 192 kifth street, Los angeles, 40 years of age, born deaf in right ear, received one treatment from the doctor and two from Mrs. Bill. Can now hear sounds, music, etc.

J. H. Wells had severe fever and chills, with deathly stekness at slomach and fainness; had difficulty in getting to the office; was relieved in about infeen minutes, went home by himself; next day was as well as ever.

J. W. Turner, Los Angeles, luny trouble over five years; sover aby relief from other doctors; received four or five treatments from Dr. Truesdell about five meaks ago; was hardly able to get around before; now able to de anything. Pain constantly before in the other.

Secretary Investigating Committee

We, the graduating class referred to above, take this opportunity of informing the public, for the benefit of the sick and the cause of Christian science, that we, two, have been successful in relieving pain and curing discase by the soul healing power, as most faithfully taught us by Dr. A. P. Truesdell, among which discases we mention deafness, riematism, neuralgis, asthms, dyspepsia, con-tipation, paralysis, chronic and scute indammation, picuriasy, catarrh, morphine eating, the tobacco habit, etc.

New York, July 30.—Government bonds dull, steady. State bonds dull, firm.

The stock market was firm almost the entire day. New York Central and Texas and Pacific were features of early trading, the former principally on buying for long account, and the latter by the growing feeling of confidence in the new committee and reports of large crops all slong the line of the road. In the afternoon the other Southwestern stocks became the leading feature, principally upon crop reports. Business was quiet, but prices continued to advance slowly during most of the forenoon. Later an exceeding ydull market, with prices about steady, lasted til the last hour, when another slight advance occurred. The market closed steady to firm at about the highest figures reached.

THE PARADISE OF SOUTHERN CALIFORNIA!

that New Hotel is Now Open and Ready for Guests.

The famous Escondide Tract contains 12,814 acres located 35 miles north of San D eyo and 12 miles east of Enginitas Station on the California Southern Railroad. The soil has no upperfor; the water supply is abundant and crops have never failed; bearing orchards and rineyards attest the truth of the assertion that irrigation is not necessary in \*\*The Sun-kissed Vale of the South.\*\*

Every fruit-grower needs an evaporator. The fruit annually wasted on the Pacific Coast would, rightly cured, go far toward supplying this want. The evaporator is the growers brake upon a down grade of prices. The american american pre-eminently the fruit-reisers machine. Its sizes grade from domestic to manufacturing wants. It is greatly the fruit-reisers quality of work with ordinary care in handling. There is no need of making anything elsa. Though we approve a slight use of sulpbur, the AMERICAN is specially adapted for highest grade in unbleached work. It places tresh cut fruit first in highest and dryest heat; cures cut surfaces at once and keeps them dry, thereby setting and making permanent the color, and also, thereby, as in broiling steaks, securing the highest quality in product. Wapince our experience in evaporating at the disposal of our customers. In some cases this granuffucus sorting the highest quality in product, wapince our service is of more value than prices paid us for evaporators. Our Pacific Coast Price List and Illustrated Manual sent on application,

WAITING FOR THE SECOND TRAIN.

Reports and counter reports as to the time of the expected arrival of the next train came thick and fast during the afternoon, and were telegraphed back to Los Angeles with rather too much previousness, as the result has proven, since our home committees and people were decived by them, their plans disarranged thereby, and the time for the first reception thrown into abject and murky darkness.

The best of all California is shown to you in a trip through Pasadena and the San Gabriel Valley, by the Orange Belt route. If you have only a short time, go and return in the morning, or in the afternoon, or take the special transit excursion, combining delightful trips by rail and carriage through the sights. Trains lawe at 8:45 a.m. and 3:10 p. m. Obsap fares.

The Famous Longatreet Place.
Villa lots is this celebrated property and the celebrated property related to the coming veterans in the desert and nesort them in. The request was, however, reluctantly denied by the California Southern people, they finding it impracticable to grant it.

After news of the Other Pasadena and the same sold, and choice of lots will soon be past. The good lots are not all sold, and now is the time to choose.

The Modoc Club attracted much attention, and made itself mightily popular. Its concert last night in the Grand Opera House was an overwhelming success. The whole great excursion has had but one accident, but that a very sad one. Thomas Carey, of Charlestown, Mass., Post No. 11, stepped off the cars while on the bridge over the Hudson River at Albany, N. Y., and was drowned. Services were held on the train Sunday.

Everyone seemed to have had a good time. All the comrades say they enjoyed the journey extremely, in spite of the washouts. They are unanimous in praise of the A. T. & S. F., A. & P. and C. S. railroads, which did everything possible for their comfort.

The Times is under obligations to Supt. Mixer, at The Needles, Mr. Clarke, telegrapher there stationed, and to E. J. Burnett, of the A. T. & S. F. B. B., for courtesies shown its correspondents.

The work of the Company points with just pride to the Childs Tract, Columbia Colony, Urmsion Tract and the City Center Tract, the latter immediately adjoining the present lots.

A new feature of this beautiful property will be the planting of all the streets with large ornamental shade trees. A nursery of 1500 splendid trees of large size is already on the tract ready to be set out in the fall.

There was a universal sentiment of delight among the comrades that they had come by way of Los Angeles. They were surprised at the attempts made by interested parties to keep them from coming here, and took little stock thereir. The Flagstaff telegrams did little good. Out of the nearly 2000 Grand Army visitors who came over the A. and P., it is stated that less than fifty went on from Barstow to Mojave. All the rest preferred to see Los Angeles.

that less than fifty went on from Barstow to Mojave. All the rest preferred to see Los Angeles.

The New England delegation left at midnight for San Francisco, regretful that they could not tarry longer in the Angel City.

Drake's Veteran Zouaves, of Elizabeth, N. J., were much complimented. Their bizarre uniforms and fighting appearance caught all eyes.

Most of the vets are improving their short time here. They get all over the city with surprising agility.

Ex-President Hayes could not come to the coast, being held back by a previous engangement. He was elected a delegate at large for Ohio.

A great deal of decoration was done jesterday forenoun, and the city looked inviting for her hero guests.

There were large crowds on the streets all day, and the visiting veterans met a cordial welcome everywhere.

It was an unpleasant thing to note that a few hoggiah persons, with no claims to such favor, forced themselves into head-quarters and filled up with dainties which had been provided for the veteran visitors and their families.

A CALL TO THE LADIES,
The ladies are requested to send in large quantities of cake, the more the better; also gooked meats, and all the lemons possible.
